

NEW HAMPSHIRE

WHOLESALE PRODUCER DIRECTORY

2025

Welcome to the New Hampshire Wholesale Producer Directory

Thank you for your interest in supporting New Hampshire grown, raised, and produced foods! As a wholesale buyer in New Hampshire, sourcing local food can be challenging - especially at the start.

The 2025 NH Wholesale Producer Directory offers at-a-glance information about farms and food businesses from across New Hampshire and New England ready to sell wholesale produce, meat and eggs, dairy, maple syrup and honey, and other value-added products.

Each farm or food business featured in this directory has been vetted for wholesale readiness, and individual profiles offer details about product availability, delivery, and ordering. By bringing together information that is most useful to prospective wholesale buyers, we hope to streamline the process of finding and making connections to sources of local food.

If you have feedback, questions, or would like assistance sourcing local food, please reach out to Katelyn Porter, NH Food Alliance Value Chain Coordinator, at katelyn.porter@unh.edu.

The NH Wholesale Producer Directory is a collaborative publication of the NH Food Alliance and the NH Department of Agriculture, Markets, and Food. It relies on information self-reported by the vendors included and will be updated at least annually.

Find what you need, fast!

Use the table of contents chart below to find the products you need, the way you need them. Then head to the business's profile page to learn more and contact them.

About us

Brookford Farm is a 600-acre diversified farm in Canterbury, with 35+ acres in Certified Organic vegetable production. We raise cattle, hogs, lambs, and chickens, all rotated on pasture. Our cows and lambs are 100% grass-fed, while pigs and chickens are supplemented with non-GMO grain. Our products serve a 250+ member CSA, restaurants, retail stores, home delivery, and farmers' markets. The farm store is open daily. We also bottle raw milk and produce a variety of dairy products in our creamery. Brookford Farm, located just 15 minutes north of Concord along the Merrimack River, moved from Rollinsford in 2012 to restore a former sod farm using sustainable practices.
